

S & M GASKELL TESTIMONIAL

Dear Silvano, Selman and all the Homefab team

We include the word team above, because to produce a very good product from start to finish you must have the right team and you strongly succeed in manufacturing an excellent product.

We must not exceptionally good after sales service by Silvano and Selmun. I have over 50 years experience in the building industry and at today's standard this type of service is rare. We could not have asked for a more friendly or obliging service.

We have and will continue to advise others of your excellent building products.

Regards
Spencer and Marie Gaskell
