

I & J TURTON TESTIMONIAL

Dear Silvano

Apart from the weather – over which none of us had any control – working with you and your team from Homefab has been one of the most rewarding investments in building that I have been involved in.

I cannot speak too highly of your efficiency, before – and after sales service. That applies to the whole team that I have known – from the front counter to the assembly workshop and delivery.

Many Thanks
Ian Turton
